ROTARY TORSO

MODEL › GZFI8186
 FEATURES › pedal start position adjustment

FEATURES AND BENEFITS

Arm Pad Assembly › Rotating arm assembly is angled to comfortably fit users of different sizes and encourages proper upright body positioning. Upper body rotation better simulates natural range of motion.

Leg Pads › Help to encourage proper posture and isolate the trunk during rotation.

Start Position Adjustment › Located on the platform, users simply press the foot pedal and rotate the arm pad assembly to engage in one of 8 positions for up to 180-degree rotation.

Enclosed Platform › All moving parts are safely enclosed within the platform, while still accessible during routine maintenance.

Cable › Heavy-duty, 1/4-inch cable is rated to 4,200 lbs. minimum tensile strength.

Weight Stack › Oval-shaped stack is enclosed to limit access to moving parts.

Bolt-down Strap › For added safety, equipment can be bolted to the floor.

Floor Protectors › Made of molded rubber, floor protectors guard against damaging the floor.

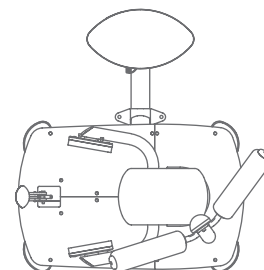

Serviceability › The weight stack access panel allows for simple cable service while the removable upholstery and Linex® wear guards increase cushion life and allow for easy replacement of wear items.

SPECS › EPIC Selectorized Rotary Torso

MODEL GZFI8186

Dimensions (LWH)	41" x 52" x 62" (102 cm x 132 cm x 157 cm)
Weight Stack Configuration	10 – 150 x 10 lbs. (4.5 – 68 x 4.5 kg)
Product Weight	590 lbs. (268 kg)
