Swivel Pulleys - Pulley design ensures fluid cable travel and provides nearly unlimited range of motion.

Independent Arm Movement - Handles move independently for a wide variety of chest exercises and single arm movements.

Traditional Seated Position - A supported position is ideal for traditional and first-time exercisers. To further challenge the body, advanced users may perform exercises off the backrest or standing.

Cable Travel - Extensive cable travel allows for full exercise extension, single arm: 76 inches (193 cm), two arms: 38 inches (96.5 cm).

ADA Compliant - Compliant with Americans with Disabilities Act for wheelchair accessibility.

Weight Stack - Enclosed weight stack limits access to moving parts for user safety.

Industrial Construction - Equipment is built with 11- and 7-gauge steel and is electrostatically powder-coated.

Kick Plates - 16-gauge, stainless steel kick plates protect the machine from wear and tear.
